We are establishing a working group to review the current website with the goal of creating a more dynamic and engaging "front porch" for our church. Much of the work will focus on reviewing a variety of other websites and identifying designs that allow us to provide additional information with a more modern presentation. We welcome anyone that has an interest in webpage development, branding, creative design, and sharing news about our church. You don't need technical skills to be part of this group. If you are interested in working on this important project, please email Sam Cooper at scoop341@hotmail.com or contact the church office. The first meeting will be in early October.
